Ensemble Liaison

Svetlana Bogosavljevic, cello
David Griffiths, clarinet
Timothy Young, piano

Described by Limelight magazine as a 'national treasure', Ensemble Liaison is one of Australia's leading internationally acclaimed ensembles. They are renowned for their captivating and engaging performances, appealing to audiences from all walks of life. They presented their first concert series at The Edge, Melbourne, in 2007 and have become known as a tour de force, recognised for imaginative and innovative programming, setting the trend for brilliant collaborations with leading artists. They have performed across Australia and New Zealand, including a ten-concert tour for Chamber Music New Zealand, and appearances for Musica Viva Australia, Australian Festival of Chamber Music in Townsville, Port Fairy Spring Music Festival and the Woodend Winter Arts Festival, and in 2012 gave a series of festival performances in Central Europe. Critics have hailed their performances with superlatives such as 'spellbinding', 'flawless', 'a revelation', 'moving' and 'joyous'.

The creation of new works is also a priority for Ensemble Liaison, who regularly commission Australian composers. Countless arrangements by the trio have also formed an integral part of their programming and artistic vision.
